

**In the Drawings:**

Please enter the attached replacement sheet for FIG. 1.

## REMARKS

The Examiner objected to the drawings, alleging that "Figure 1 should be designated by a legend such as --Prior Art-- ". In response, Applicants have submitted a replacement sheet herewith such that FIG. 1 is designated by the legend "Prior Art".

The Examiner objected to claims 1-19, alleging that "lines 12, 14 and 15 of claim 1 "the first winding" and " the second winding" lack proper antecedent basis. It is suggested that the word -primary- be inserted before the word "winding"." In response, Applicants have amended claim 1 to clarify the invention in accordance with the Examiner's suggestion.

The Examiner indicated that claims 1-19 would be allowable if rewritten or amended to overcome the objection set forth above in the present Office action. As indicated *supra*, Applicants have so amended claim 1 to overcome the objection. Applicants gratefully acknowledge the Examiner's indication of allowable subject matter.

The Examiner indicated that claims 38-40 are allowed. Applicants gratefully acknowledge the Examiner's indication of allowed subject matter.

The Examiner rejected claims 33-37 under 35 U.S.C. §102(b) as allegedly being anticipated by Miko (US 4,334,267). Since claims 33-37 have been canceled, Applicants respectfully maintain that the rejection of claims 33-37 is moot.

## CONCLUSION

Based on the preceding arguments, Applicants respectfully believe that all pending claims and the entire application meet the acceptance criteria for allowance and therefore request favorable action. If the Examiner believes that anything further would be helpful to place the application in better condition for allowance, Applicants invites the Examiner to contact Applicants' representative at the telephone number listed below. The Director is hereby authorized to charge and/or credit Deposit Account 19-0513.
